PROFESSIONAL SUMMARY

- I'm a curious and motivated learner who always looks for new things to explore and improve. I believe every experience teaches something valuable, and I try to learn from both my strengths and mistakes so I can grow and become better.

EDUCATION

Degree	Specialization	Institute	Year	CGPA
B.Tech	*Computer Science & Engineering*	SRITW	2022-2026	8.22
Inter	*Physics, Chemistry, & Mathematics*	SR Edu	2020-2022	8.63
SSC	-	SPR	2020	10.0

SKILLS

- Data Structures and Algorithms (DSA).

- Java programming.

- C language.

PROJECTS

- **The ReBook Hub**

  - Role: Front end Developer.
  - A web-based platform enabling college students to buy and sell second-hand books and stationery within their campus, promoting affordability and sustainability.
  - Implemented user authentication, product listings, and direct messaging features for secure peer-to-peer transactions.

INTERNSHIPS

- **Java Programming Intern** *[CodeAlpha]*

  - Completed a 1-month remote internship focused on core Java concepts, including arrays, loops, methods, conditionals, and user input handling.
  - Successfully completed all assigned tasks and received a verified certificate of completion.

ACHIEVEMENTS / AWARDS

- Participated in **ABHIGYAAN 3.0**, a 3-day national-level event on *Ethical Hacking*, organised by IEEE at SRITW, Warangal.

- Participated in the Quiz event organized as part of INNOVATION 2K25 at SRITW, Warangal.
